General Information:

Federal Signal has been the driving force for public safety products and systems essential to work truck applications for more than a half century.

We have the industry experience. We have the breadth of products. We have the comprehensive vehicular solutions. That's why it should come as no surprise that we provide the innovation for the latest technological breakthroughs in audible and visual signaling. Federal Signal has long been known for its ability to combine new technology with years of industry experience. From our optical performance to advanced audible signaling, we take pride in providing solutions to keep you safe on the road. Federal Signal's exclusive technologies have proven to provide safer solutions for the best value possible.

Complete details of the Federal Signal Program can be found under "Programs" on www.powerheavyduty.net.

If you are already buying from Federal Signal please notify your Program Manager, Jaime Rogan, jrogan@vipar.com to help ensure you begin receiving the new program benefits.
